THE *running* BOARD REPORT

We are very pleased to announce the MARC Board of Directors has approved the following new initiatives to help increase our membership. We hope this information is both useful and valuable to you. Please contact any Board member with questions or comments.

Joe Valentine, President

Jim Zimmer, Director of Regions

Maybe you're thinking about joining MARC but don't know if it's worth the price of admission? Well, how about a **free first-year** trial run to start off and receive the newly published digital copy of the world-class *Model A News* and all the other great benefits of MARC membership. You've nothing to lose and everything to gain! New members only, so take advantage of this fabulous offer!

A new category called "Driving Class" is being developed just for MARC members who wish to have their cars judged but safety and mechanical modifications prevent them from competing in the existing classes. The vehicles must still appear to be a "stock" Model A, but "modern" running gear improvements, some Model B parts, and other mods will be allowed. Please contact Jim Zimmer (Director of Regions) for details as a committee is now being formed.

Renewing our offer of a free* set of *Technically Speaking* books to Regions achieving 100% MARC membership (excluding Regions that previously qualified) is something the Board is happy to announce. The Board has voted to allow the exclusion of your club's "Honorary" or "Lifetime" members in the count, so encourage ALL your members to join the Model A Restorers Club! (*\$15 postage only).

Continuing with our goal of improving your club, the Board is also working to establish several new types of membership levels and we're looking into the possibility of additional National Tours in the future. Keep an eye on the *Model A News* and the MARC Facebook page for updates.
